1st Annual

Government to Government ERP Forum

May 12-13, 2008

Radisson Hotel
500 Leisure Lane
Sacramento, CA 95815
916.922.2020

This is an exciting opportunity to learn first hand from other states and governments who have done, or are doing, Enterprise Resource Planning (ERP) projects. This collaborative forum will provide a central "one-stop shop" to share information and network. The event will benefit those who seek ERP information and are routinely asked to provide ERP expertise.

This event is crafted to meet the information needs of Budget Officers, Controllers, Procurement Officers, Treasury Officials, Chief Information Officers, and Auditors. You are invited to this forum because collectively we are the "enterprise" in ERP.

Hosted by the Financial Information System for California Project, the California CIO, Teri Takai and Gartner Consulting.

Seating is limited. Register today at:
